Unforgettable winery and gastronomic experiences in Costa del Sol

WINE TASTINGS

Eyeballing wine, swirling and sniffing and swishing ... it may look complicated or even snobbish, but the traditional wine-tasting technique is actually based on common sense...

It's simply a way to pause for a moment, to stop and think, and to pay attention to the ways that wine impacts on all your senses, from sight and scent to taste, aftertaste, and the overall impression that the wine leaves behind after you've finished.

Our wine tasting offers a unique opportunity to explore and sample Spanish wines from the Andalusia area and the other regions of Spain.

This half day experience will consist of an introduction to wine tasting, explaining the basic technique to taste and discover the flavour of the wines, the different method of classification of Spanish wines, testing of local and national Spanish wines (white, red, rose and dessert wines). The wine tasting will be accompanied with a selection of tapas.

A truly fantastic experience for wine lovers and wine drinkers...

If you wish you could also add to the wine tasting an **Olive oil tasting** with a full explication of Olive oil making for just an extra € 15,00
